- Reusable Ear Tips
- Rechargeable handle
- Compatible with Welch Allyn disposable ear tips

Dispenser for Ear Specula

- Specula dispenser for disposable ear tips
- Dispenser holds all specula sizes
- Prepares a clean new specula for each and every patient

Wall Unit Transformer

- Automatic on/off switch on handles when removed or replaced into the handle unit. Saves energy and increases the service life of the lamps
- Provides a constant 3.5V output voltage independent of mains voltage fluctuations
- Maximum Power Input: 15W
- Advanced, ergonomic handle design with continuous brightness control.
- Quality spiral cords with a comfortable working radius of up to 3 Metres.

Sphygmomanometer

- Square shaped 14cm diameter dial
- Front adjustable for easy reading
- Supplied with standard adult cuff
- 2-tube adult latex bladder
- Standard latex bulb
- Standard end valve
- PVC coil tubing

Ear Thermometer

- Reading Bound: 32.0°C ~ 42.9°C
- Battery: 2 x 1.5v AA Batteries (not included)

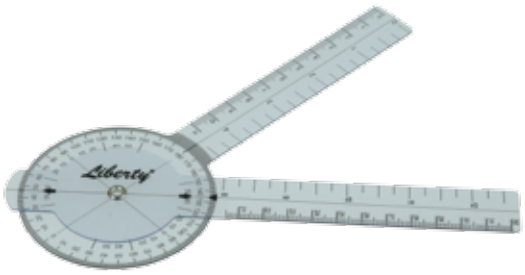
GSL	LIBERTY SAFETY GLASSES

Goniometer | 360 Deg 6.5" (16cm)

A goniometer is used in the medical field to measure a joint's range of motion (ROM). It can be helpful in determining if a patient is lacking in mobility due to an injury, or how well they are recovering after sustaining an injury.

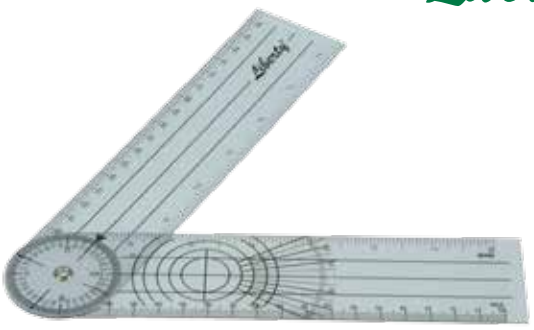
This Liberty Goniometer (360 degree 16cm length) is made of clear plastic that allows for a full view of the extremity during measurement permitting observation of the joints, axis of motion and range of motion. The ruler has linear readings and measures in both inches and centimeters.



Product Code	Description
GP6	LIBERTY PLASTIC GONIOMETER 360DEG 6.5" (16CM)

Goniometer | 180 Deg 7.5" (19cm)

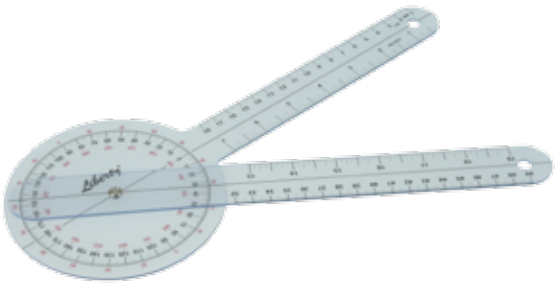
This Liberty Goniometer (180 degree 19cm length) is made of clear plastic that allows for a full view of the extremity during measurement permitting observation of the joints, axis of motion and range of motion. The ruler has linear readings and measures in both inches and centimeters.



Product Code	Description
GP8	LIBERTY PLASTIC GONIOMETER 180DEG 7.5" (19CM)

Goniometer | 360 Deg 10" (25cm)

This Liberty Goniometer (360 degree 25cm length) is made of clear plastic that allows for a full view of the extremity during measurement permitting observation of the joints, axis of motion and range of motion. The ruler has linear readings and measures in both inches and centimeters.



Product Code	Description
GP10	LIBERTY PLASTIC GONIOMETER 360DEG 10" (25CM)

Systemise Medication Cart System

Choose the medication cart that best suits your requirements. The flexible range of Artromick medication carts is no exception to always being the forerunner in providing solutions to the healthcare market, as it solves medication distribution requirements.

The Artromick range can accommodate:

- Webster Care Packs
- Sachet Roll Packs
- Bottles and Packets
- Individual patient Cassettes
- Integrated Mobile Computing

Features include:

- Wide variety of cart sizes
- Choice of drawer sizes 75/150/225mm
- Multiple drawer divider options
- Built in push handle
- Slide out writing surface
- Choice of locking systems
- Lightweight carts, easy to move, made from high density resins to withstand the rigors of the healthcare environment.

Get On Board with Pink Products

THE POWER OF PINK with

Liberty® HEALTH PRODUCTS

proudly supporting

McGrath FOUNDATION

together we can make a difference®

Liberty Health products donate to the McGrath Foundation **All Year Round!**

Liberty Health are going pink! Liberty Health believe that this is such a good cause, that an extra 5% of sales for the selected McGrath pink products will now be donated to the McGrath Foundation all year round!

In addition, Liberty Health are continuing to donate 10% of October sales for the selected McGrath pink products sold, to the McGrath Foundation, to help fund McGrath Breast Care Nurses in communities' right across Australia, as well as increasing breast awareness in young Australian women.

About the McGrath Foundation

The McGrath Foundation was cofounded by Jane and Glenn McGrath after Jane's initial recovery from breast cancer. It was Jane's personal experience that led her to believe that the McGrath Foundation should raise money to place McGrath Breast Care Nurses in communities right across Australia, as well as increase breast awareness in young Australian women.

Today, the McGrath Foundation has helped support over 25,000 Australian families experiencing breast cancer, with 95 McGrath Breast Care Nurses working in communities throughout Australia, helping to coordinate care and ensure their physical, psychological and basic support needs are met, regardless of their financial situation.

In addition, the McGrath Foundation also encourages young women to be breast aware and has developed a Breast Awareness Card outlining how to do a regular breast check - early detection can mean more effective treatment.

To download the Breast Awareness Card or to see where McGrath Breast Care Nurses are currently working in your community, please visit mcgrathfoundation.com.au.

McGrath Foundation Products

Liberty Health Products has teamed up with the McGrath Foundation to produce a range of medical products that are PINK. A percentage of every sale from these selected pink products is donated to the McGrath Foundation to help fund McGrath Breast Care Nurses in communities' right across Australia - as well as increasing breast awareness in young Australian women.

What is a McGrath Breast Care Nurse?

McGrath Breast Care Nurses are health professionals specially trained to manage the care of breast cancer patients throughout the course of their treatment. They are the principal liaison between the patient and the specialists who coordinate their treatment - whether it be surgery, radiotherapy or chemotherapy.

McGrath Breast Care Nurses also play an important advocacy role as well as helping to clarify technical or complicated information that the patient may not understand.

Most importantly, McGrath Breast Care Nurses offer vital emotional support to the patient as well as being a friend for the patient and their families during what can be extremely difficult times.

- A pulse rate and low-voltage sound indication
- Automatic power off function
- Dimension: L 46mm × W 40mm × H 29mm
- Warranty: 1 year manufacturer's warranty

Product Code	Description
POFCMS50I	FINGER TIP PULSE OXIMETER CHILD RECHARGEABLE

Includes Lanyard, User Manual, 1 x Rechargeable Lithium Battery and Battery Charger
Please Note: This product may vary in colour, between yellow, pink or blue, dependent on shipment from supplier. Colour may not be selected.

Reflex Hammer | National Hospital

National Hospital Reflex Hammer
The National Hospital Reflex Hammer head is surmounted with a chrome-plated brass disc (50mm diameter) grooved to house the TPR rubber collar. The weighted head and soft rubber collar is perfectly suited in provoking myotatic responses. Flexible nylon handle consists of a slender tapering. The tapered point is suited for eliciting plantar and abdominal responses.

- RHNHP is made in Australia
- Durable 36cm Delrin Shaft
- 50 mm rubber Impact Ring

Product Code	Description
RHNHP	REFLEX HAMMER NATIONAL HOSPITAL (AUSTRALIAN MADE)
RHNHPP	REFLEX HAMMER NATIONAL HOSPITAL (MADE IN PAKISTAN)

Reflex Hammer | Percuflex

Percuflex Reflex Hammer
Reflex hammer with a tunable head for reflex testing and percussion.

- **Handle:** The ergonomic chrome-plated brass handle is precisely balanced for increased control of force in the percussion.
- **Head:** The balance-weighted head is outfitted with a large and small mallet constructed of soft TPR for precise percussions.
- **Retractable Brush:** The built-in retractable brush at the base of the handle can be easily accessed to elicit cutaneous reflexes.
- **Integrated Pointed Tip:** The recessed chrome-plated brass head is equipped with a screw-in pointed tip for pinprick cutaneous reflex testing.

Product Code	Description
RHP	REFLEX HAMMER PERCUFLEX 75G BLUE

Reflex Hammer | Babinski Telescopic, Liberty

Babinski Telescopic Reflex Hammer
Stainless steel construction rubber impact ring head that can be mounted at a right angle.

- Stainless steel construction
- Rubber impact ring for testing reflex reaction
- Head can be mounted at right angle (illustrated) or parallel to the shaft
- Equipped with a pointed end piece for testing nervous system response
- Unique telescopic design makes a compact unit

Product Code	Description
RHBT	LIBERTY REFLEX HAMMER BABINSKI TELESCOPIC

CAT-s03-v6.1 | Disclaimer: All images are included for reference only. Goods supplied may vary from those illustrated due to continual improvements and/or regulation changes.

Reflex Hammer | Babinski

Babinski Reflex Hammer
Stainless steel construction rubber impact ring head that can be mounted at a right angle.

- Stainless steel construction
- Rubber impact ring
- Head can be mounted at right angle (illustrated) or parallel to the shaft
- Includes screw out needle

Product Code	Description
RHB	REFLEX HAMMER BABINSKI

Reflex Hammer | Buck Neurological

Buck Neurological Reflex Hammer
The Buck Neurological Reflex Hammer is a versatile dual mallet-type hammer with screw-in pointed tip and retractable brush and is designed and suited for attaining myotatic and cutaneous responses.

- **Handle:** The ergonomic chrome-plated brass handle is precisely balanced for increased control of force in the percussion.
- **Head:** The balance-weighted head is outfitted with a large and small mallet constructed of soft TPR for precise percussions.
- **Retractable Brush:** The built-in retractable brush at the base of the handle can be easily accessed to elicit cutaneous reflexes.
- **Integrated Pointed Tip:** The recessed chrome-plated brass head is equipped with a screw-in pointed tip for pinprick cutaneous reflex testing.

Product Code	Description
RHBU	REFLEX HAMMER BUCK NEURO

Reflex Hammer | Taylors

Taylors Reflex Hammer
The Taylor Reflex Hammer has a weighted chrome-plated Zinc Alloy handle and is precisely balanced for increased control of force in the percussion. The encircling band of handle with pin firmly secures the triangular head midway between the apex and base.

- "Tomahawk" style
- Rubber impact head
- Stainless Steel handle

Product Code	Description
RHT	REFLEX HAMMER TAYLORS

Suction Pump | Liberty Suction Pump 7E-A Portable

Liberty®

Liberty Portable Suction Pump

- Portable, compact small size
- Light-weight, easy to carry
- High negative pressure
- Large Flux
- Oil-free lubrication pump
- Square negative pressure dial
- Built-in bottle cavity
- Low noise
- Can use disposable canisters
- Volume: 18 Litres
- Power: 240V

Run by power only

Product Code	Description
SPB	LIBERTY 7E-A SUCTION PUMP 240V 18 LITRE

Suction Pump, Reusable Canister

Suction Pump Spares
- Graduated
- 2 ports
- Volume 1000cc
- Over flow valve
- With lid, fits SPB/SPBB

Order	Description
SPBSB1L	REUSABLE SUCTION PUMP CANISTER 1LITRE

Suction Pump, Disposable Canisters

Suction Pump Spares
- Graduated, built-in critical measure
- Snap-on lid for spill prevention and suction optimisation
- 4 ports including over flow valve and stem inlet
- Patient port designed to allow quick hook up and prevent kinked tubing
- 850cc Canister (lids fit both canisters) Diameter: 84mm bottom, 120mm top
- 1200cc Canister Diameter: 84mm bottom with 90mm lip, 120mm top

Product Code	Description
SPCDE0101	DISPOSABLE SUCTION PUMP CANISTER 850 CC
SPCDE0302	DISPOSABLE SUCTION PUMP CANISTER 1200 CC

Suction Tube, Yankauer

Suction Pump Spares
- Adult 27 cm, crown tip with vent
- Sterile to avoid risk of infection, individually sealed
- Available with vacuum control
- Designed for use with all major manufacturers' suction connecting tubes
- Made of K-resin

Product Code	Description
LTSYDC0501	YANKAUER DISPOSABLE SUCTION TUBE ADULT 27CM

Connection Tubing

Suction Pump Spares
- 3/16" and 4/16" ID tube with connector for suckers
- Single use only, disposable
- Sterile to avoid risk of infection, individually sealed
- Blue cone connectors

Product Code	Description
SPCTC0601	CONNECTION TUBING 3/16" ID 1.8 METRE LENGTH
SPCTC0602	CONNECTION TUBING 3/16" ID 3.6 METRE LENGTH
SPCTC0603	CONNECTION TUBING 4/16" ID 1.8 METRE LENGTH

WE HAVE HOSPITAL SOLUTIONS

We are dedicated to the continual sourcing of products and consumables to assist in the CSSD process.

We supply a broad range of products and consumables for the Hospital and/or Medical Departments. Information sheets on some of the products available can be found on our website. Please contact us if you are unable to find what you are looking for and we will do our very best to help you.
